

SEXUALLY-POSITIVE EVENT CHECKLISTS

Refer to the Sexually-Positive Event Guidelines for the definitions of each category of event, and complete the appropriate chart below by initialing each row of that chart to certify that you understand and agree to incorporate each stipulation into your event. If a category of activity does not apply to your event (e.g., if there is not going to be BDSM at your event), signify that by writing “N/A” in the initials box for that category and also provide a brief explanation for each “N/A” in the “Comments” section below the checklist appropriate to your event type (e.g., “Row 15: Event will not include BDSM”).

Failure to complete the appropriate chart will result in your event being automatically declined. Failing to abide by these requirements will jeopardize your standing within The Satanic Temple.
